11. Consideration of the certification of delinquent utility bills for collection on the 2014 Summer Tax Roll.

The Pleasant Ridge City Code states that charges for water service and sewage disposal constitute a lien on the premises where service is provided. The Ordinance, Section 74-187, requires the water department clerk certify to the City Commission all unpaid charges for water and sewer by May 1st of each year in order to allow time for the outstanding balance to be placed on the summer tax bill. The delinquent charges are for those properties where the water bills have remained unpaid for a period of no less than two months. Mr. Humphreys, Water Clerk, has certified a list of 34 properties that are delinquent, outstanding amounts ranging from \$25.76 to \$858.05. The total amount that will be placed on the tax roll \$5,572.86.

It is my recommendation that the properties in the City with delinquent water and sewer charges for a period of at least two quarters, as certified by the City's Water Clerk, be placed on the 2014 Summer tax roll as a special assessment. Mr. Humphreys will attend the City Commission meeting should you have any questions.

Commissioner #1: Mayor, I move that the properties in the City with unpaid water and sewer charges for a period of at least two quarters, as certified by the City's Water Department, be placed on the 2014 Summer tax roll as a special assessment.

Commissioner #2: Second.

12. Consideration of the Interlocal Agreement between the City of Pleasant Ridge and the County of Oakland for certain Information Technology (I.T.) Services.

Currently, the City participates in the PayLocalTaxes.com service with the county for acceptance of tax payments via credit card or check over the internet or the telephone. At this time, The City is requesting a modification to the agreement to accept water bills in the same manner. Also, the City will be implementing the over the counter payment option, with the County, as well for all transactions (tax bills, water bills, permits, dog licenses, etc.) It is my recommendation that the City enter into the Interlocal Agreement with the County of Oakland for certain Information Technology (I.T.) Services.

Commissioner #1: Your Honor, I move the Interlocal Agreement between the City of Pleasant Ridge and the County of Oakland for certain Information Technology (I.T.) services be approved, and that the Mayor be authorized to sign the agreement.

13. Consideration of establishing a public hearing on Tuesday, April 8, 2014, at 7:30 p.m., to solicit public comments to rescind certain ordinances related to Chapter 10, Animals, of the Pleasant Ridge City Code.

I have provided a memorandum regarding this item. Over the past several months, the City has been working with Oakland County in order for the County to assume our Animal Control Services. Currently, the Police Officers respond to all animal complaints, and impound strays. Since the City does not have an approved MDEQ/US Department of Agriculture "pound", many of animals are caged in the police garage, or been housed with City staff at their residences, while the officers attempt to locate the owners. The first step in the process of amending or rescinding an Ordinance is to establish a public hearing to solicit public comments on the proposed amendment. I recommend that a public hearing be scheduled for Tuesday, April 8, 2014, at 7:30 p.m.

Commissioner #1: Your Honor, I move that a public hearing be scheduled on Tuesday, April 8, 2014, at 7:30 p.m., to solicit public comments to rescind certain ordinances related to Chapter 10, Animals, of the Pleasant Ridge City Code.

Commissioner #2: Second.

14. Consideration of the Road Reconstruction update.

Since there has been some discussion regarding the City's Road Reconstruction schedule and funding, I have been asked to give a presentation tonight on this item. I will be presenting a brief overview as to how the reconstruction schedule was set, how it is evaluated yearly based on need, as well as how the City funds each of the projects.

10 Maywood

Acting City Manager Pietrzak outlined the variance request by Mr. Marc Asher, homeowner at 10 Maywood. The homeowner is requesting a variance to Section 26-12.1 of the Pleasant Ridge City Code regarding the minimum allowable front yard setback requirement. The petitioner has proposed a complete tear down of the existing house and garage, as well as removal of the existing basement. The petitioner is requesting to rebuild the proposed house at the same front yard setback as the existing house, roughly 22.85 feet from the front lot line. The Pleasant Ridge Zoning Ordinance requires the home be built 30 feet from the front yard lot line. Three letters from neighbors have been received in opposition of the request.

Mr. Marc Asher, 10 Maywood, petitioner, commented he would like to build the house at the existing setback so that he would not have cars in the neighbor's driveway in his sightline. There is a tree in the rear yard that he would like to preserve. He is not sure if he would have to remove that tree or not. He would also like the houses to look more uniform on the street.

Commissioner Foreman commented about the site plan. Some of the letters received by the neighbors commented that the house would be closer to the street. Would the petitioner like the house closer to the street or at the current location.

Ms. Glenda Meades, architect, commented the house would be built at 22.85 from the street. His proposed location is an average of the neighboring properties. It would not be closer to the street than the existing house.

Commissioner Scott commented could the front door be moved to help the site line, so that the petitioner is not looking at the neighbor's driveway.

Ms. Meade commented that there has been some other options explored, regarding the placement of the front door and front porch, but the proposed option is the best option for the homeowner.

Commissioner Krzysiak commented that although the house would not be closer to the street, it would still be in violation of the ordinance, but not aggregating the ordinance.

Ms. Meade commented no homes in the current neighborhood are at the required setback.

Commissioner Krzysiak commented that in an email comment from a neighbor there were concerns about the gap look of the new house. He has concerns about moving the house forward or backward to accentuate that gap. If the house was built at the existing setback, there would be less of a gap appearance.

Commissioner Foreman commented that the other homes on that street are not in compliance with the ordinance.

Commissioner Perry commented she has concerns about setting precedence by granting a variance.

City Attorney Cooper made several comments regarding the Zoning Ordinance and the allowable variance from the Ordinance. Amendments to the Zoning Ordinance need to be considered at a separate meeting.

Acting City Manager Pietrzak commented about how the Administration formulated its recommendation.

Ms. Meade commented there may be a unique condition by an attached garage next door, which is what the petitioner stated as one of his hardships.

Mayor Metzger opened the public hearing at 6:25p.m.

Ms. Suzanne Levin, 9 Maywood, commented she thought that this house would be closer to the street, and felt the letter was unclear. The house is similar to the house currently there now. Having the house set back farther would make it look strange. Making it fit in with the rest of the houses, would make it look better. Does not understand why the ordinance requires 30 feet. In favor of allowing the house be constructed as proposed.

Mr. David Robb, 12 Maywood, commented that if the home is built as proposed it would be a better site line from his property as well. Feels Mr. Asher is willing to work with the City. As the next door neighbor, he is in support of the variance, as it does not change the front of the house.

With no further comments or discussion, Mayor Metzger closed the public hearing at 6:30 p.m.

Commissioner Krzysiak commented about practical difficulty. Feels that the petitioner may lose the enjoyment of his back yard and that is a practical difficulty.

Commissioner Scott commented that the comments received by the neighbors are in support and that should be taken into consideration. Feels that the loss of the rear yard would be a practical difficulty.

Commissioner Foreman commented that a hardship is created by having to conform with the current ordinance.

14-3071

Motion by Commissioner Krzysiak, second by Commissioner Scott, that the request by Mr. Marc Asher, 10 Maywood Avenue, Pleasant Ridge, Michigan, 48069, for a variance to Section 26-12.1 of the Pleasant Ridge City Code regarding the minimum allowable front yard setback requirement be granted because the strict regulations enacted would result in practical difficulties to, or undue hardship upon the homeowner, including loss of enjoyment of the rear yard, as well as compliance with the character of the neighborhood.

Adopted: Yeas: Commissioners Krzysiak, Scott, Foreman, Perry, Mayor Metzger.
Nays: None.

With no further business or discussion, Mayor Metzger adjourned the meeting at 6:43 p.m.

Mr. Scott Pietrzak
Acting City Manager
23925 Woodward
Pleasant Ridge, MI 48069

Dear Mr. Pietrzak:

Please accept this letter as a formal request for financial support in the amount of \$1,000 to Ferndale Youth Assistance for the fiscal year 2013-2014. Our goal is to help maintain the value and integrity of the program for the residents of the Ferndale School District and, with your help, this goal can be accomplished.

We understand that we're in a difficult economic climate, but our services have become essential to the wellbeing of many families throughout our community. Today many of our families rely on scholarships for their children that will teach them a new skill or build their confidence in a safe and protected environment.

Ferndale Youth Assistance's core program and services are: Casework, Youth Recognition, Summer Camp, Family Education, Mentors Plus and Student Enrichment just to mention a few. These programs help support our local youth and families.

Your sponsorship dollars are very important to us and will help us continue to thrive and be a valuable resource to the community for many years to come. Together we should feel proud that we're able to touch so many lives here in the City of Pleasant Ridge with our programs and services. We would be delighted to come to your council meetings to share information about Ferndale Youth Assistance. In the meantime, please visit, <http://ferndaleya.org>, which will provide more details of our services.

Sincerely,

Craig Covey

CLEAN WATER ACTION

MICHIGAN

To Whom It May Concern:

Since we have worked in your community before, you will remember that Clean Water Action is a national environmental organization working for clean and safe water, waste prevention and funding for enforcement of environmental protection. The purpose of this letter is to again provide background information on Clean Water Action and our canvass so that you are aware of our activities and have the information you need to respond to any inquiries about our work.

As in previous years, our program includes informing residents in your community of our work and asking them to become involved in our campaigns. We conduct a door-to-door canvass asking residents to make contributions and sign support statements. We may also ask them to write letters, make phone calls, volunteer time and vote.

We will be conducting our canvass in your community beginning ASAP and completing our work by June 30, 2014 (depending on the size of the community). We will be out in the community from 4pm-9pm, Monday – Friday; 10am-7pm, Saturdays.

As a courtesy to all communities in which we canvass, we notify each township or city before starting work there. Our canvassers also carry photo identification cards from our organization. A list of the names of our canvass staff is provided with this letter as well as a letter from the IRS recognizing our tax-exempt status under section 501(c4) of the Internal Revenue Code.

Because Clean Water Action is engaged in constitutionally-protected political speech in its canvass operation, it is not required to obtain a permit prior to engaging in this activity. *Watchtower Bible & Tract Society of New York v. Village of Stratton*, 536 U.S. 150 (2002).

Please notify all police officers and dispatch of our presence so that they are aware of our constitutionally-protected right to engage in our membership drive. I have enclosed organizational documents and supporting materials of our state regulations. You will note that the last page of this packet of information is a verification form that states we have made you aware of our activities. Please sign and return the "Canvass Verification" form so that both the residents and law enforcement officers in your area will know that we have contacted your office should any questions arise. Should you need additional information, please call me at (734) 222-6347. Thank you for your time.

Sincerely,

Emily Woodcock

MEMORANDUM

TO: Scott Pietrzak, Acting City Manager
FROM: Amy M. Drealan, City Clerk
DATE: March 5, 2014
SUBJECT: Additional Credit Card Payment Services

As you are aware, over the past several months, the City has been meeting with representatives from various credit card processors. Currently, the City allows online and telephone payments for taxes through an Interlocal Agreement with Oakland County, G2G Cloud Solutions. The City also accepts over the counter payments for tax bills on a Point of Service (POS) credit card machine through Fifth Third.

At this time, the County has expanded services to also accept Water Bills and Dog licenses online and over the telephone, with a credit card or e-check. The process will be the same as the tax payment process, where a resident would click the payment link from the City's website. The homeowner would input their information and payment amount. Fees and associated costs are paid by the user to the County, and there is no cost to the City. The County is also offering an over-the-counter payment solution to the City as well. The City could accept payments for water bills, tax bills, parking tickets, permits, etc. The County programs allow residents to utilize Visa, MasterCard and Discover for all City related payments.

Again, any associated fees for this service would be passed onto the user/resident, there is no cost to the City for this service. Although the proposed agreement outlines a \$900 fee to the City, that cost is offset by a credit back to the City for a portion of the fees collected by the County. Currently, the City is not charged any fee for the PayLocalTaxes portion of the online services, based on these credits. I have researched what other surrounding communities charge as a convenience fee for the utilization of credit cards, fees range from 2.5% to 3% of the transaction amount.

I have attached the required agreement between the City of Pleasant Ridge and the County of Oakland for certain I.T. Services, as well as the County's current fee schedule. I understand you would like to move forward with this important, enhanced service to residents, therefore, I am requesting this item be placed on the City Commission agenda for approval.

Please contact me should you wish to discuss this matter further.

INTEROFFICE MEMORANDUM

TO: MAYOR & CITY COMMISSION
FROM: SCOTT PIETRZAK, ACTING CITY MANAGER
SUBJECT: ANIMAL CONTROL ORDINANCES PUBLIC HEARING
DATE: MARCH 6, 2014
CC: CHARLIE COOPER, CITY ATTORNEY

The City of Pleasant Ridge is considering to partner with the County of Oakland to operate their Animal Control Division. As a small City, it is difficult to provide stray or lost animals the proper care and attention needed to meet their needs. Our Police Officers will routinely pick up stray animals that are then kept at the station or outdoor pen (weather permitting), until the owner is located, a home is found or a shelter is contacted.

Enforcement of the Michigan State Dog Law is key to happy and healthy pets within our community. By using the Oakland County Animal Control and Pet Adoption Center we will have 10 full-time and 3 part-time Animal Control Officers, helping us enforce the Michigan State Dog Law. The County has a detailed program for handling all types of animals.

Currently, Oakland County Animal Control services 40+ of the 63 CVT's (city, townships & villages) in the County. These include: Ferndale, Royal Oak, Clawson, Farmington Hills, Oxford & Troy.

In order for the City to have Oakland County provide animal control services, the City must rescind any and all ordinances that are in conjunction or conflict with the Michigan Compiled Laws, Annotated; Chapter 287; Animal Industry; Dog Law of 1919; Natural Resources and Environmental Protection Act. Any of the ordinances that are being considered to rescind, will be covered or enforced by the above stated law. A summary of the Dog law is below.

The regulation of dogs in Michigan implicates three major issues: licensing and registration of dogs; the regulation of animal control facilities and pet shops; and the ever-present concern of dog bites. Much of the litigation surrounding dogs obviously stems from the latter category. However, licensing and control of companion animals concerns all pet owners in Michigan.

The primary statutory vehicle that regulates the licensing requirements for dogs is, The Dog Law of 1919. Under the dog law, it is unlawful for any person to own a dog six months or older unless the dog is licensed. *MCL § 287.262*. It is also unlawful for a person to own a dog six months or older that does not wear a collar and tag at all times, except when engaged in hunting activities accompanied by his or her owner. *MCL § 287.262*. A female dog that is in heat may not go beyond her owner's premises unless properly held on a leash under this section.

The main thrust of the act is to establish a dog licensing system. The act requires that the owner of any dog four months or older must apply for a license to the treasurer of the township or county in which he or she resides (note that *MCL § 287.262* mandates that a dog six months or older wears a license, but *MCL § 287.266* requires that a person apply for a dog license when the dog is only four months old). The local county board of commissioners may adopt a resolution that specifies when during the calendar year an owner must apply for a license. *MCL § 287.266(3)*. The application must state the breed, sex, age, color and markings of the dog and must be accompanied by a valid certificate of current rabies vaccination. *MCL § 287.266(5)*. Upon acquiring a new dog, or when a dog reaches four months of age, an owner has 30 days from the date of acquisition or age to apply for a license. *MCL § 287.268*.

The Dog Law sets out separate requirements for licensing of dogs at kennels, with kennels being defined as those establishments where three or more dogs are kept for sale, boarding, breeding, or training. *MCL § 287.270*.

Owners should also be aware that under Michigan law, lost dog tags shall be replaced by the county treasurer without cost upon production of such licenses and a sworn statement of the facts. *MCL § 287.272*. Licenses and tags, however, are not transferable between dogs; a dog who permanently moves to another county may simply transfer the current license. *MCL § 287.283*. Notwithstanding any contrary law or ordinance, a dog used as a guide or leader dog is generally not subject to license fees. *MCL § 287.291*.

If the City rescinds certain animal control ordinances, by State law, MCL 287.289a, the County becomes the animal control division.

287.289a Animal control agency; establishment; employees; jurisdiction; contents of animal control ordinance.

Sec. 29a. The board of county commissioners by ordinance may establish an animal control agency which shall employ at least 1 animal control officer. The board of county commissioners may assign the animal control agency to any existing county department. **The animal control agency shall have jurisdiction to enforce this act in any city, village or township which does not have an animal control ordinance. The county's animal control ordinance shall provide for animal control programs, facilities, personnel and necessary expenses incurred in animal control.** The ordinance is subject to sections 6 and 30. *History: Add. 1972, Act 349, Imd. Eff. Jan. 9, 1973.*

I have included some background information about the Oakland County Animal Control and Pet Adoption Center. Myself and the City Clerk personally visited the center last week, and was pleased with their facility and staff.

The Oakland County Animal Control and Pet Adoption Center has been aiding animals by providing shelter and care while trying to find them new, loving homes since 1980. The facility is 23,151 square feet located at 1700 Brown Road in Auburn Hills.

The Oakland County Animal Control and Pet Adoption Center has a Kennel Unit that oversees the day-to-day welfare of the animals being housed at the Center. The friendly staff is at the ready to help you locate your lost pet or to find the perfect addition to your family.

The Oakland County Animal Control and Pet Adoption Center has a veterinary unit that consists of three surgical suites, sick animal ward, quarantine area and veterinary exam room. Each animal that is adopted from the Center is examined by the veterinary staff, vaccinated, treated for parasites and spayed or neutered.

They have a half acre fenced in area along with three smaller sized pens so that people can get to know their new pet-to-be. They are in the process of detailing a half mile walking trail ([Fitness Unleashed](#)), marked so that pet owners can record their progress.

Not a dog person, come and sit in "Kitty City". This room is filled with toys, obstacles and fun places to perch for the five to six cats that inhabit this room, all available for adoption.

The Oakland County Animal Control & Pet Adoption Center currently has the best save rate in Michigan among public open-admission shelters whose intakes are greater than 5,000 animals. OCAC/PAC strives to continue to increase their live release, return to owner, and dog license compliance rates.

Presently, the Oakland County Animal Control & Pet Adoption Center has a 79% live release rate, compared to the state wide live release rate 53%.

In accordance with Michigan state law, strays are held for four to seven days in order to help the owner find and claim the animal. If you have lost an animal, we strongly encourage you to visit the shelter in person and read these [tips on how to recover a lost pet](#).

After four to seven days the animal becomes the property of Oakland County Animal Control and Pet Adoption Center and may be available for public adoption.

The Oakland County Animal Control & Pet Adoption Center posts pictures of the stray cats and dogs currently in the shelter online. This is updated 6 days a week. To view the stray cats currently at the shelter, [click here](#). To view the stray dogs currently at the shelter, [click here](#).

The dog license fee to residents, generally would not increase, as long as the animal is spayed/neutered and the license is applied for on time. The current and proposed (County fee schedule) is below.

License Type	Pleasant Ridge (current)	Oakland County (proposed)
Spayed/Neutered	\$7.50	\$7.50 (3 year option \$22.50)
Senior Citizen Price(owner 65+)	\$7.50	\$6.75 (3 year option \$20.25)
Male/Female	\$7.50	\$15.00 (3 year option \$45.00)
Senior Citizen Price (M/F)	\$7.50	\$13.50 (3 year option \$40.50)
Delinquent (after set date)	\$12.50 (March 15 th)	\$30.00 (June 1 st)

The proposed dog license method will give residents an improved process to acquire a license. The added ability to purchase a 3 year tag, purchase from your vet or apply for a tag on-line. Of course, residents will still be able to come into City Hall to purchase their license.

There is no additional cost to the City for the County to provide animal control services, the County offsets its cost with licensing fees. All the money collected for licenses, will be distributed back to the County (we estimate around \$500-\$800 per year). The City spends a great deal more than that amount on animal control (Police Officer time alone). The County then follows up with residents who have not applied for a license in a timely manner. They are very proactive when it comes to enforcement.

Therefore, I am recommending that a Public Hearing be scheduled for April 8, 2014 at 7:30 p.m. to rescind certain sections of the Pleasant Ridge Code; Chapter 10, Animals; Articles I, II, III & IV; Divisions 1 & 2; Sections 10-4 through 10-107.

Re: Infrastructure Improvement Program

As we look at the budget for the next fiscal year and into the future, there have been some questions about the schedule for street reconstruction, and the funds that are used to complete those projects.

The Capital Project Funds section of the budget shows the project that is commonly referred to as W. Cambridge reconstruction project. This includes W. Cambridge, sidewalks on W. Cambridge, the alley from Woodward Heights to the City border and the Kenberton sidewalk project. The total amount for those projects including a 10% contingency is \$639,700.00. The Alley and Kenberton sidewalk has been completed.

The Capital Project Fund section of the budget is represented as a project cycle and not a fiscal year, making it possible to leverage multiple fiscal years or funds for one project. The City did not complete a project at the start of fiscal year 2013-2014 due to contractor issues. However, the plan is to start W. Cambridge shortly after school is dismissed in June of 2014. The project would be starting in the 2013-2014 fiscal year, while using funds from 2013-2014 & a portion of 2014-2015 funds.

Although it was discussed that Oxford may be reconstructed immediately following or in tandem with W. Cambridge, the funding to complete both projects will not be readily available to achieve this. A funding table is below:

Project	Total Cost Estimate	Local/Major \$	Infrastructure Millage	Local/Major Fund Balance	Capital project fund balance	Total Funds Available	Fund Balance to carry over to next project
W. Cambridge (Start Summer 2014)	\$639,000	\$54,500	\$600,000 2013-14 & 2014-15	\$80,000		\$734,500	\$95,500
Oxford (Start Summer 2015)	\$675,000	\$54,500	\$750,000 2015-16 & 2016-17	\$ 25,000	\$95,500	\$925,000	\$250,000
Norwich or Hanover (Start Summer 2016)	\$425,000	\$54,000	\$375,000 2017-2018	\$20,000	\$250,000	\$699,500	\$274,000
Hanover or Norwich (Start Summer 2017))	\$425,000	\$54,000	\$375,000 2018-2019		\$274,500	\$758,500	\$278,000
CONTINUED PROJECTS					\$278,000		

Below is a proposed schedule for road reconstruction:
(subject to change based on funding & road condition):

July 2012	Maywood (complete)	Funds from fiscal year 2012-2013
June 2014	W. Cambridge	Funds from fiscal years 2013-14 & 2014-15
Summer 2015	Oxford	Funds from fiscal years 2015-16 & 2016-17
Summer 2016	Norwich or Hanover	Funds from fiscal year 2017-2018
Summer 2017	Hanover or Norwich	Funds from fiscal year 2018-2019

A major funding mechanism that has all but washed away is interest revenue from the SCAF corpus. In 2006-2007 the City was realizing gains of over \$175,000 per year in interest. Now that amount has dwindled to around \$40,000. That is a total loss of close to \$500,000 (the cost of a smaller street project) over a 5 to 6 year period (*assuming 2006 rates*).

Along with the road reconstruction projects, the City anticipates a number of repairs that will need to be made to the existing roads because of the harsh winter. Those funds will have to come from Major and Local street accounts that help fund the above projects.

Brutal Winter.....

- The City, in conjunction with Brilar, has scheduled a crew to repair the larger potholes and areas that need immediate attention.
- This will begin as soon as the weather permits.
- The crew will place a long term product on the road.
- Major areas of concern include:

- ☐ Ridge Road (Kenberton/Cambridge/manholes)
- ☐ Millington (near Woodward)
- ☐ Oxford (near Woodward & house 12)

- ☐ Kensington/Devonshire Alley
- ☐ Woodward Hts. (near City limit)
- ☐ Misc. areas throughout the City

Looking ahead.....

- W. Cambridge is scheduled to begin in June.
- Oxford sewer cleaning and televising began today.
- Oxford engineering almost complete.
- City Administration and AEW (engineers) plan to evaluate Oxford as soon as the weather permits.
- A through review of all the City Streets was completed last year. This includes roads that have already been reconstructed.

Narrative Text	Dispatched for a vehicle fire. Upon arrival, there were visible flames showing from the engine compartment. Due to the fire, the electronic hood release on the drivers door wouldn't operate. It was necessary to cut the vehicle hood to gain access to the engine compartment to extinguish the fire. The battery cables were cut to remove the electrical power.

Mr. Jelsone reported that he was driving on I-696 when his vehicle began "bogging" while he was driving it. As he pulled off the expressway and onto Millington Street, the passenger compartment began to fill with smoke. He denied any mechanical problems

with the vehicle. When I inquired about the dent was in the hood, he stated he was hit in a WalMart parking lot yesterday. However, he drove the vehicle home that day without any problems. Mr. Jelsone also reported his insurance on the vehicle had lapsed. However, insurance is provide by the lien holder, Genesis Credit Union.

Investigation determined the majority of engine compartment fire damage occurred near the battery area. All the plastic off the wires on the drivers side of the engine were burned off. The battery was melted on the top side near the positive & negative terminals. The exterior hood paint was burned and distorted immediately above the battery.

Fire Marshal Batten was contacted and advised that the owners explanation of events were consistent with the burn pattern found in the engine compartment. The vehicle was towed to the A&M Towing yard. This vehicle was not investigated by FM Batten.
