Notes from City Hall

Summer is upon us once again. As residents embark on home improvement projects and are generally out and about more often, we here at City Hall tend to deal with a few recurring issues. Here are some of the general requirements and expectations in our City Code that are in place to ensure that our community remains a beautiful and well-maintained place to live.

Accessory Buildings

By ordinance, each property is allowed to have one detached accessory building. By City Ordinance, any structure having a roof supported by walls or columns is considered a building. This means that if you have a detached garage, you may not also have a shed or other similar structure. This includes the plastic sheds commonly sold at Home Depot or other such stores. Please note that children's play structures that may have a roof are not considered to be an accessory building.

Garbage and Recycling

Garbage and recycling are not to be placed at the curb prior to 6 p.m. on Thursday evenings. Emptied garbage cans and recycling bins are to be removed from the curb by Friday evening. Garbage placed at the curb must be contained in a watertight container or receptacle. Garbage bags containing food waste can attract animals, so please place your garbage bags in an enclosed garbage can with a lid. If you ever have any questions about what kind of waste that Tringali will pick up, or if you want to order one of the large cans, please call SOCRRA at 248-288-5150. If you need a new or additional recycling bin, they are available for order at City Hall.

Trailers, Recreational Vehicles and Utility Vehicles

You may store one recreational vehicle or utility vehicle on your lot provided that:

- It is not taller than 6 feet,
- It is not longer than 20 feet, or
- It is not wider than 8 feet.

Vehicles that are smaller than all of the above dimensions may be stored on a residential lot, as long as they are kept in the rear yard and generally concealed from view to the greatest extent possible. Any vehicles that exceed any of the above dimensions may not be stored on a residential lot.

Any boats, trailers, or any recreational vehicle that exceeds the above dimensions may be parked within a residential district for a period of up to 48 hours each calendar week for the purpose of loading and unloading, but may not be stored permanently on a residential lot.

General Property Maintenance

Residents are also required to keep their properties in a neat and orderly condition. This means not allowing grass to exceed 6 inches in height, ensuring that exterior paint is kept in good condition, is not peeling, and keeping back yards free of accumulations of vegetation, debris, and pet waste which can provide habitat for rodents. The best way to prevent rats and other rodents from occupying our City is to make sure that they do not have places to live. Rats will generally roam within a 200 foot area, which means that a rat infestation on your property can impact 16 or more other nearby properties.

Code Enforcement

Please do not hesitate to contact City Hall at 248-541-2901 with any code enforcement issues. Our code enforcement officer will follow up on any complaints.

Gainsboro Park Construction

Gainsboro Park construction is in full swing and will continue throughout the summer and fall. Please note that the park will be closed until further notice to allow construction to proceed at as fast of a pace as possible. General site work will continue through the end of August, with work on the tennis courts and the 5-12 year old playground beginning thereafter. Landscape plantings will be installed in October, and the park will be completed by November. We thank you for your patience with the inconveniences of construction. At the end of the process we will have a great community park with a range of amenities for residents of all ages and interests.

50+ Club Movie Series

Second Thursday of the month.

Movie begins at 12:15 p.m.

PLEASE NOTE:

Fall movie date will change to the 2nd Wednesday of the month.

July 14: "Hello, My name is Doris"

When Doris Miller meets her company's hip new art director, sparks fly—at least for Doris. Eager for all the experiences she has missed out on, Doris throws caution to the wind and follows her heart for the very first time.

August 11: "Joy"

Joy, often revered as the Queen of QVC, is a self-made millionaire who invented the miracle mop. The film is a semi-fictional and inspirational portrayal of how one woman overcame personal and professional obstacles to rise to the top.

Sep. 14: "The Phenom"

Major-league rookie pitcher Hopper Gibson has lost his focus. After choking on the mound, he's sent down to the minors and meets with an unorthodox sports therapist,

who pushes him to uncover the origins of his anxiety.

NEW! Lunch Bunch

Experience a new dining adventure each month! Lunch Bunch will meet on the 3rd Wednesday of each month.

Check for info about restaurants on Facebook and flyers at the Community Center. No cost to join the group, lunch cost is on your own. We will be carpooling from the PR Community Center. Limited to the first 12 participants.

COMMUNITY COMES TOGETHER TO BRING ACCESSIBLE PLAY TO ROOSEVELT LOWER ELEMENTARY

When the community came together to pass the 2012 Bond, it included funds for playground improvements. The exact improvements were left up to the discretion of the administration and the Board of Education.

As part of the restructuring of the school district, it was decided that there was a need for an additional playground at Roosevelt Elementary that could service students with disabilities. Until now, there was no barrier free playground in the Pleasant Ridge area. A committee of parents, community members, staff, and administrators was convened to plan and recommend a playground which was approved by the Board of Education.

We would like to extend a special thank you to the City of Pleasant Ridge, who generously donated \$7,000 towards the purchase of the

equipment, and to Keller Williams Real Estate, who installed the new equipment and did some green space renewal around the school as part of their annual RED Day project. All the children of Ferndale School District will benefit from your generosity for many years to come.
