You may request an Absentee Ballot for the following reasons:

- I expect to be absent from the community for the time the polls are open on Election Day.

- I am physically unable to attend the polls without the assistance of another.
- I cannot attend the polls because of the tenets of my religion.

leaves are falling

2016 Pleasant Ridge leaf collection

The City will be using a zone system for leaf pickup this year. The City has been divided into 5 different zones, and leaves will be collected from each zone at least 3 times. Your street will be picked up during the week when your zone is scheduled. Also, if all leaves are picked up from a zone early in the week, our contractors may move on and pick up leaves from non-scheduled zones. Don't worry if this happens – they will be back the next week when those zones are scheduled to be picked up.

The City will be providing information about which zone is currently being picked up, and which zone will be next. Fall weather can impact leaf pickup schedules, so please check www.cityofpleasantridge.org regularly, as the below schedule is subject to change.

ZONES:

Zone 1: Maplefield, Oakdale, Woodside Park, Kenberton, Millington, Poplar Park

Zone 2: Kensington, Devonshire, Wellesley, Amherst, Indiana (N of Amherst)

Zone 3: Elm Park, Norwich, Oakland Park, Hanover

Zone 4: Maywood, Sylvan, Fairwood, Woodward Heights, Bermuda, Indiana (S of Amherst)

Zone 5: Oxford, Cambridge, Ridge

COLLECTION DATES:

Week of October 31: Zones 1, 2 & 3

Week of November 7: Zones 4 & 5

Week of November 14: Zones 1, 2 & 3

Week of November 21: Zones 4 & 5

Week of November 28: All Zones

**Curbside leaf collection
begins in late October**

Pleasant Ridge has a large number of trees which makes leaf collection a major task. **We start leaf pickup in late October to ensure that most of the leaves have fallen.** Since the schedule is very tight, we ask for cooperation from residents to make the collection process as smooth as possible. Please see the leaf pickup FAQs on the City's website at www.cityofpleasantridge.org for more information about how you can help us expedite the process.

John Ganis presents:

***“America’s Endangered Coasts:
Photographs from Texas to Maine”***

November 21, 7 p.m.
Pleasant Ridge Community Center

John Ganis will present his thought-provoking photographic book surveying the Atlantic and Gulf Coasts of the United States that are threatened by a rising sea. James Hansen, who has been a pioneering researcher of the likely consequences of climate change, contributed an original essay to the book based on his recent scientific findings that a global temperature increase of two degrees Celsius above pre-industrial levels will lead to extreme amounts of sea level rise in coastal areas. Commenting on the book, Bill McKibben, author of *“Earth and The End of Nature”* has said:

“The coasts we’ve always known are shifting before our eyes. John Ganis’s fine book helps us with the job of paying witness; may it spur us to the job of preventing further damage.”

John Ganis is a long-time PR resident and a professor of photography at the College for Creative Studies. His previous work includes *“Danger Zone: Michigan’s Reichhold Chemical Plant,”* exhibited at the Cranbrook Museum of Art and the book *“Consuming the American Landscape.”*
