Absentee Ballot Information

The Absentee Ballot can be mailed to your home, or any other address you desire.

Absentee Ballot applications are available to Pleasant Ridge registered voters. You must fill out an application for each and every election before a ballot can be mailed to you.

You may request an Absentee Ballot for the following reasons:

- I expect to be absent from the community for the time the polls are open on Election Day.
- I am physically unable to attend the polls without the assistance of another.
- I cannot attend the polls because of the tenets of my religion.
- I have been appointed an election precinct inspector in a precinct other than the precinct where I reside.
- I am 60 years of age or older.
- I cannot attend the polls because I am confined to jail awaiting arraignment or trial.

The form can be picked up at the Clerk's office, requested by telephone, or in writing. When you receive the Absentee Ballot application, simply fill out the information. Return the form by mail, or in person. The ballot will be mailed to you at the appropriate time. If you wish to receive an Absentee Ballot application automatically, you must contact the City Offices. Being placed on the permanent absentee voter's list will ensure that you receive an absentee voter's application for each election. It is Michigan Election law that you complete a new application for each ballot you receive. If you meet the above guidelines and desire to become a permanent Absentee Ballot voter, simply call City Hall.

Where Do I Vote?

Upper Elementary students go deep into biology & healthy living

This spring, several of our school buildings applied for and received learning garden grants from Big Green, a non-profit organization focused on improving the health of students and families through garden-based learning environments that can easily be accessed throughout the school day. The garden grant will provide our students opportunities to learn several important STEM principles, using the gardens as a venue for exploration and discovery; Principles like scientific method, biology, and growth cycles, as well as nutrition and healthy living.

At Ferndale Upper Elementary (FUEL), this also means building upon our work as part of the Building Healthy Communities grant and our focus on healthy eating choices and infusing physical activity into daily life.

The learning gardens, each costing \$50,000, are not only dynamic outdoor classrooms but also productive edible gardens. Each learning garden is paired with support from Big Green Garden Educators, who have helped our schools plant and harvest a thriving garden and supported our teachers in developing instruction that utilizes the garden.

Along with FUEL, grants were awarded to Ferndale Lower Elementary, Ferndale Middle School, & University High School. The four learning gardens were completed this past spring, with the help of excited students and leaders from around each campus as well as Big Green volunteers. Students helped load the raised beds with healthy, organic soil and plant vegetable and fruit starts to be harvested throughout the growing season.

In our first ever harvest this past July at FUEL, over 40 students and teachers came to our gardens and learned about the different plants that they themselves had grown from seedlings (planted as a school in May) and studied the many edible parts

of plants. Students tasted and harvested cilantro, dill, green beans, snap peas, and dragon beans! Volunteers were on hand to weigh each student's individual harvest before they took home the fruit of their labors to share with their families. Corn and potatoes are still growing in the learning garden, awaiting a fall harvest.

These outdoor learning spaces help us meet the needs of our many learners. Our goal this fall is to have each classroom enjoy at least one fall and one spring lesson planting and/or harvesting in the Big Green garden using their Garden Bites curriculum. These lessons are STEM-focused and allow the students to explore the gardens while also engaging in inquiry-based learning activities. It is also our goal to connect our school's quarterly healthy eating tastings to what we are growing in our learning gardens, creating a bridge between different school activities and forming one coherent experience for our learning community.

Learn More about Big Green and Garden Bites curriculum at BigGreen.org.

fall leaf pickup

The City will continue the zone system for leaf pickup this year. The City has been divided into 5 different zones, and leaves will be collected from each zone at least THREE (3) times. Your street will be picked up during the week when your zone is scheduled. Also, if all leaves are picked up from a zone early in the week, our contractors may move on and pick up leaves from non-scheduled zones. Don't worry if this happens – they will be back the next week when those zones are scheduled to be picked up.

Curbside leaf collection begins in late October

The City provides information about current zone pick-up, and which zone will be next. Fall weather can impact leaf pickup, please check www.cityofpleasantridge.org regularly, as the current schedule is subject to change.

ZONES:

Zone 1: Maplefield, Oakdale, Woodside Park, Kenberton, Millington, Poplar Park

Zone 2: Kensington, Devonshire, Wellesley, Amherst, Indiana (N of Amherst)

Zone 3: Elm Park, Norwich, Oakland Park, Hanover

Zone 4: Maywood, Sylvan, Fairwood, Woodward Heights, Bermuda, Indiana (S of Amherst)

Zone 5: Oxford, Cambridge, Ridge

COLLECTION DATES:

Week of October 29: Zones 1, 2 & 3

Week of November 5: Zones 4 & 5

Week of November 12: Zones 1, 2 & 3

Week of November 19: Zones 4 & 5

Week of November 26: All Zones

Pleasant Ridge has a large number of trees which makes leaf collection a major task. We start leaf pickup in late October to ensure that most of the leaves have fallen. Since the schedule is very tight, we ask for cooperation from residents to make the collection process as smooth as possible. Please see the leaf pickup FAQs on the City's website at www.cityofpleasantridge.org for more information about how you can help us expedite the process.

Let's all support the troops!

Again this year, Pleasant Ridge will be collecting surplus Halloween candy for donation to our troops (via Operation Gratitude) in time for Veterans Day. If you end up having bought too much, or your kids bring home too much, please drop your excess in the bin at 4 Ridge. The bin will appear after Halloween, and the last day for donations will be Wed., November 7 — the day after Election Day — why not bring your candy when you vote, and drop it off then?

In 2015 we were able to collect 82 pounds of candy, 99 pounds in 2016, and last year it jumped to 136.3 pounds! Can we get even more this year? We have plenty of bins to hold it!

Thank you in advance, for any candy that you are able to donate. HAPPY HALLOWEEN!
