2023 Fall Leaf Pickup

Leaf pickup alternates between sides of the City each week. Cambridge East (between Ridge and Woodward) and Woodward Heights are picked up each week due to the large volume of leaves and traffic on those streets. The side of the City that is picked up first alternates each year, as well. This year we are starting on the East Side. *If all leaves are picked up from one side of the City early in the week, Brilar may move on and pick up some leaves from the other side of the City. If you live on the non-scheduled side of the City and Brilar does a supplemental pickup, don't worry, they will be back the following week as scheduled.*

Fall Weather and Schedule Adjustments In the event of unpredictable fall weather that impacts the pickup schedule, updates will be posted to the website.

Will We Extend Leaf Collection? No. As we get into December the risk of significant snowfall greatly increases. If leaves are still out on the street and it snows, we may not be able to pick up the leaves and will have to plow them back onto the lawn creating a mess. Based on experience from past years we will not extend the leaf pickup schedule. You can place leaves in yard waste bags at the curb on for compost pickup on trash days until December 11.

2023 Collection Schedule

Week of October 30: West Side + Woodward Heights

Week of November 6: East Side + Cambridge East

Week of November 13: West Side + Woodward Heights

Week of November 20: East Side + Cambridge East

Week of November 27*: Final pickup begins starting with the West Side

*pickup will continue into the following week if necessary until *all* streets have been picked up.

Leaf collection is a major task, as we generate more leaves per capita than any other nearby community. We ask for your cooperation to ensure that the process is as smooth and efficient as possible. The best thing you can do to help us is ensure that only leaves are placed at the curb, and that cars are not parked on the street during the day until the leaves are picked up during your pickup week. Please see the leaf FAQs on the City website at www.cityofpleasantridge.org/dpw for more information about how you can help expedite the process.

The Inside|Out DIA community outdoor artworks will continue to be on display in PR thru the end of October! More info:

Helpful Info from the PR Police

Four Signs It's a Scam

Recognizing these common signs of a scam could help you avoid one.

1. Scammers **PRETEND** to be from an organization you know.

Scammers often pretend to be contacting you on behalf of the government. They might use a real name, like the FTC, Social Security Administration, IRS, or Medicare, or make up a name that sounds official. Some pretend to be from a business you know, like a utility company, a tech company, or even a charity asking for donations. They use technology to change the phone number that appears on your caller ID. So the name and number you see might not be real.

2. Scammers say there's a **PROBLEM** or a **PRIZE**.

They might say you're in trouble with the government. Or you owe money. Or someone in your family had an emergency. Or that there's a virus on your computer. Some scammers say there's a problem with one of your accounts and that you need to verify some information. Others will lie and say you won money in a lottery or sweepstakes but have to pay a fee to get it.

3. Scammers **PRESSURE** you to act immediately.

Scammers want you to act before you have time to think. If you're on the phone, they might tell you not to hang up so you can't check out their story. They might threaten to arrest you, sue you, take away your driver's or business license, or deport you. They might say your computer is about to be corrupted.

4. Scammers tell you to **PAY** in a specific way.

They often insist that you can only pay by using cryptocurrency, wiring money through a company like MoneyGram or Western Union, using a payment app, or putting money on a gift card and then giving them the numbers on the back of the card. Some will send you a check (that will later turn out to be fake), then tell you to deposit it and send them money.

How to Avoid a Scam

- Block unwanted calls and text messages.
- Don't give your personal or financial information in response to a request that you didn't expect.
- Resist the pressure to act immediately. Honest businesses will give you time to make a decision. Anyone who pressures you to pay or give them your personal information is a scammer.
- Know how scammers tell you to pay. Never pay someone who insists that you can only pay with cryptocurrency, a wire transfer service like Western Union or MoneyGram, a payment app, or a gift card. And never deposit a check and send money back to someone.
- Stop and talk to someone you trust. Before you do anything else, tell someone – a friend, a family member, a neighbor – what happened. Talking about it could help you realize it's a scam.

If you were scammed or think you saw a scam, tell the FTC at: www.ReportFraud.ftc.gov.
